

MdS prize

Fondation Dr Myriam de Senarclens

The **MdS** prize is intended to encourage, support or reward a study, research project or an original work, which treats, from a psychosomatic perspective, a subject in gynecology or obstetrics.

Applications are open to all medical personnel (gynecologists, obstetricians, psychiatrists...), those working in social sciences (psychologists, sociologists, anthropologists...), nurses, midwives, as well as multi-disciplinary teams.

Dr Myriam de Senarclens

(1921-1993)

- Pioneer of psychosomatic obstetrics and gynaecology
- Co-founder and member of the Executive Committee of ISPOG

Prize in the value of 20'000 Swiss Francs will be awarded every 4 years
